

Snapshots of the past

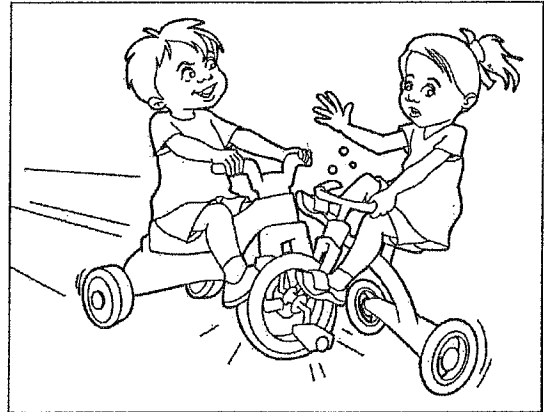

Name: _____

Sue and Rob are brother and sister. Here is a page from their mum's photo album. Their mum called this page Memorable moments and she wrote a few lines underneath each photo.

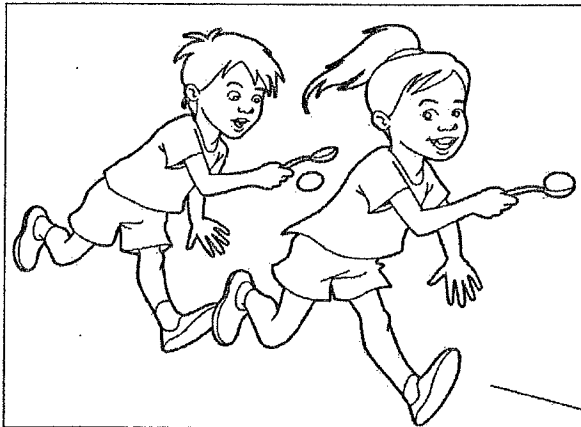

Memorable moments

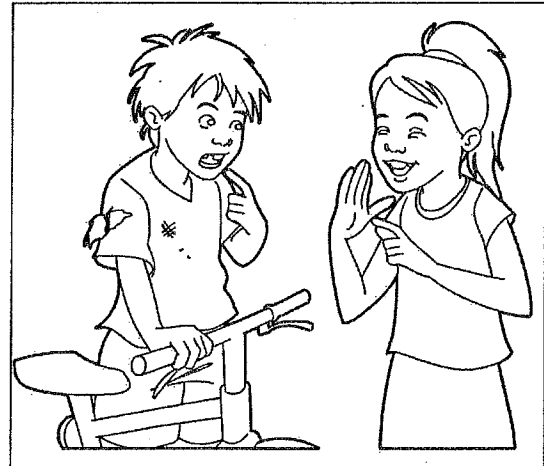

Oh dear! Rob was always a bit rough with Sue who cried very easily.

Brothers can be very rough!

I wish these two weren't so competitive.

Does Sue realise how painful it is to lose a front tooth and how sad Rob must feel?

Work with a partner and talk about these photos:

- What is happening in each photo?
- How do you think their mum converted these experiences into positive learning experiences?
- Think about one of your less successful experiences. Find a way to convert it into a positive learning experience.
